

PRODUCT DESCRIPTION

The Studio 1800TIII is an elegant 2.0 speaker system, with a high gloss, piano finish. The Studio 1800TIII produces 70W RMS from the 4 inch bass driver and 19mm tweeter. Each speaker has a front facing bass reflex port, further emphasizing robust bass notes. Volume, bass and treble adjustment dials are located on the active speaker to suit personal tuned tastes. A simple remote control allows ease of control for volume and power. The Studio 1800TIII also incorporates DRC and DSP to keep distortion at a minimum even at the highest volumes. Connect the Studio 1800TIII to your audio source using one of the two RCA input options.

FEATURES

- Active bookshelf speaker system with 70W RMS total power output
- Dual RCA inputs for connectivity to multiple audio sources
- Side panels with high gloss piano finish
- Bass, treble and master volume controls located on the rear panel
- Professional amplifier system with Digital Signal Processing (DSP) and Dynamic Range Control (DRC)
- Class D amplifier with 4inch bass drivers and Φ 19mm silk dome tweeters
- Wireless remote control with mute and volume adjustment
- 100% MDF wooden enclosure to minimize acoustic resonance

SPECIFICATIONS

Total power output:	RMS 16W x 2 + 19W x 2
THD + N (testing level):	10%
Signal to noise ratio:	\geq 85dBA
Frequency response:	R/L: 3.4KHz - 20KHz SW: 30Hz - 3KHz
Distortion:	\leq 0.5%
Channel Separation:	\geq 45dB
Input sensitivity:	PC: 700mV \pm 50mV Aux: 550mV \pm 50mV
Audio input:	Dual RCA
Adjustment (remote/unit):	Wireless remote control for volume adjustment and power
Speaker unit:	Tweeter: 19mm, 4 Ω Bass unit: 4 inch (116mm) 6 Ω Bass: 8 inch (210mm) 4 Ω
Dimension:	154mm x 254mm x 224mm (W x H x D)
Weight (net/gross):	6.6KG 7.65Kg
